Commissioner:

The references cited on attached form PTO/SB/08A&B are being called to the attention of the Examiner. Copies of references AW through BC [in compliance with the requirements of 37 CFR §1.98(a)(2)] are enclosed.

It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

Reference AA cited in this IDS is a related issued U.S. Patent Application. A copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AB and AV cited in this IDS were cited in an Office Action mailed on June 8, 2009 (cited in this IDS as reference 101_C) in related U.S. Patent Application No. 11/021,303. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AC, AI, and AS cited in this IDS were cited in an Office Action mailed on November 18, 2009 (cited in this IDS as reference 101_D) in related U.S. Patent Application No. 11/021,303. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AD, AG, AH, AJ, AL through AQ, AT, and AU cited in this IDS were cited in an Office Action mailed on August 5, 2009 (cited in this IDS as reference 74_G) in related U.S. Patent Application No. 10/001,891. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AE and AF cited in this IDS were cited in an Office Action mailed on February 5, 2009 (cited in this IDS as reference 74_F) in related U.S. Patent Application No. 10/001,891. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AK and AW cited in this IDS were cited in an Office Action mailed on January 7, 2009 (cited in this IDS as reference 102_C) in related U.S. Patent Application No. 11/054,122. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AX, BA, BB, and BC cited in this IDS were cited in an Office Action mailed on August 13, 2009 (cited in this IDS as reference 102_D) in related U.S. Patent Application No. 11/054,122. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AY and AZ cited in this IDS were cited in an Office Action mailed on May 21, 2008 (cited in this IDS as reference 102_B) in related U.S. Patent Application No. 11/054,122. A copy of the Office Action is not included with this IDS since a copy of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

Applicants would like to bring the Examiner's attention to the following applications and their prosecution histories:

10/001,849, filed 11-19-2001, now U.S. Patent No. 7,263,671, issued 08-28-2007;
